

## **Vote Diane Jankowski for Hutchinson School Board**

I moved to Hutchinson with my husband in 1993, and we raised both of our children in Hutchinson. We have been married for over 30 years. Both of my kids attended Hutchinson Public Schools. We want every child in Hutchinson to reach their full potential.

I enlisted and spent 8 years in the United States Air Force, I attended and graduated with a 2 year degree from the Community College of the Air Force. The past few years have been difficult for students across Minnesota, and I know students have fallen through the cracks of the educational systems. I want all children to do their best, to be able to pass the tests in school as well as in life. Learning doesn't stop at the school door.

On Tuesday November 5th, we will all head to the polls. We should when we do that, take seriously the decisions that we make about which candidates we vote for. Every day we find out more about our national candidates. We should also get to know those who are running for local offices. While the national offices affect us in the broadest sense, it's the local officials who we see day to day and who affect our lives right here in Hutch.

Getting to know others in our community and being willing to help is why I am running for a seat on the Hutchinson School Board. This is our community and I am running to serve this district.

Diane Jankowski  
Hutchinson, MN
